RONALD F. LOWE, *Melbourne, Australia*, AND E. LEE STOCK, *Chicago*

PUBLISHED MONTHLY BY THE OPHTHALMIC PUBLISHING COMPANY
Tribune Tower, Suite 1415, Chicago, Illinois 60611

In addition to members of the Editorial Board, the following scientific referees contributed generously of their knowledge, expertise, and time to review and to evaluate the suitability of typescripts submitted for publication to The American Journal of Ophthalmology between November 1, 1985, and October 31, 1986. The Editorial Board is ever mindful of their generous contribution to the integrity and accuracy of The Journal. If your path crosses that of one of these referees, express your appreciation.

SUBJECT INDEX

Note: Abstract Index follows Author Index

A

***Acanthamoeba* sp.**
Acanthamoeba—the ultimate opportunist? (editorial), 527

Acetazolamide
Acetazolamide and advanced liver disease (correspondence), 672

Acquired immune deficiency syndrome
Bilateral fungal corneal ulcers in a patient with AIDS-related complex (letter), 118
Confirmation of HTLV-III virus in cornea (letter), 390
Nonreactive tuberculosis in a patient with acquired immune deficiency syndrome (letter), 659
Treatment of cytomegalovirus optic neuritis with dihydroxy propoxymethyl guanine (letter), 533

Acquired oculomotor synkinesis
Czarnecki's sign as the initial finding in acquired oculomotor synkinesis (letter), 543

Acyclovir
Oral acyclovir in the treatment of acute herpes zoster ophthalmicus (letter), 531

Adenocarcinoma
Conjunctival map biopsy to determine pagetoid spread, 87

Adenoma
Oncocytoma of the caruncle, 315

Adnexa
Surgical management of orbital lymphangioma with the carbon dioxide laser, 308

Aldose reductase
Aldose reductase in the diabetic eye. XLIII Edward Jackson Memorial Lecture, 685

Alström's disease
Ophthalmologic and systemic manifestations of Alström's disease, 482

Amblyopia
Alternating penalization in the prevention of amblyopia recurrence, 473
Compliance and results of treatment for amblyopia in children more than 8 years old, 340
Pattern-reversal visual-evoked potentials in the diagnosis of amblyopia in children, 329

Angle-closure glaucoma
Neodymium-YAG laser iridectomies in glaucoma associated with closed or occludable angles, 41
Pseudophakic pupillary block with angle-closure glaucoma in diabetic patients, 325

Ankylosing spondylitis
Association of Gm allotypes with the occurrence of ankylosing spondylitis in HLA-B27-positive anterior uveitis (correspondence), 549

Anterior chamber
Diagnosis of anterior chamber metastasis by serologic marker found during anterior chamber paracentesis, 179
Open-angle glaucoma associated with vitreous humor filling the anterior chamber, 759

Antibody
Central retinal artery occlusion in Sneddon's disease associated with antiphospholipid antibodies, 37
Effect of intravenous fluorescein on fluroescent treponemal antibody testing (letter), 278
Extracellular matrix of the human optic nerve head, 139

Antigen
HLA antigens in Fuchs' heterochromic iridocyclitis: 392; correction, 809
Influence of HLA-DR phenotype and myopia on the risk of nonproliferative and proliferative diabetic retinopathy, 693

Apnea
Vitreous hemorrhage and sleep apnea (letter), 796

B

Behçet's disease
Acid-soluble protein in Behçet's disease (letter), 281

Beta-blocker
Clinical depression associated with betaxolol (letter), 275
Design of eyedropper tips for topical beta-blocking agents (letter), 123
Respiratory difficulties with betaxolol (letter), 274

Betaxolol
Clinical depression associated with betaxolol (letter), 275
Respiratory difficulties with betaxolol (letter), 274

Blepharitis
Angular blepharitis caused by gram-negative bacillus DF-2 (letter), 119

Blepharochalasis
Floppy eyelid syndrome and blepharochalasis, 376

Blepharoconjunctivitis
Spontaneous resolution of herpes simplex blepharoconjunctivitis in children, 598

Blepharoptosis
Blepharoptosis after radial keratotomy (letter), 800
Correction of upper eyelid retraction using tissue removed in blepharoptosis repair (correspondence), 406
Ocular abnormalities in the Freeman-Sheldon syndrome, 346

Blepharospasm
Palmar-plantar hyperkeratosis associated with bilateral keratopathy (letter), 280

Blindness
Attack blindness! (editorial), 387

Blood-brain barrier
Maculopathy associated with combination chemo-

therapy and osmotic opening of the blood-brain barrier, 626

Books and Computer Software
Atlas do Fundo de Olho, by Sbrissa, R. A., 129
An Atlas of Diseases of the Eye, 3rd ed., by Perkins, E. S., Hansell, P., and Marsh, R. J., 129
Automated Visual Field Testing, by Silverstone, D. E., and Hirsh, J., 808
Cataract and Lens Implant Surgery, by Kanski, J. J., and Packard, R. B. S., 806
Computers in Medicine, by Javitt, J., 410
Development of Order in the Visual System, by Hilfer, R., and Sheffield, J. B. (eds.), 285
Diagnostic Decisions in Neurology, by Poeck, K., 128
Evoked Potentials, by Cracco, R. Q., and Bodis-Wollner, I. (eds.), 807
Eye Care for Children, by Spaeth, G. L., 128
The Eye in Systemic Disease, by Kanski, J. J., 410
Fechner's Intraocular Lenses, by Alpar, J. J., and Fechner, P. U., 128
History of Ophthalmology. Vol 11 (Part Two), by Hirschburg, J., 807
Intravitreal Surgery. Principles and Practice, by Peyman, G. A., and Schulman, J. A., 411
Ophthalmology Notes, by Small, R. G., 286
Ophthalmology Pocket Consultant, 2nd ed., by Trevor-Roper, P. D., 286
Ophthalmology Principles and Concepts, 6th edition, by Newell, F. W., 551
Optic Neuritis, by Hess, R. F., and Plant, G. T. (eds.), 550
An Outline of Ophthalmology, by Coakes, R. L., and Holmes, P. J., 129
Photobiology of the Skin and Eye, by Jackson, E. M. (ed.), 806
Problems in Aesthetic Surgery, by Rudolph, R. (ed.), 411
The Retina. A Model for Cell Biology Studies. Parts I and II, by Adler, R., and Farber, D. (eds.), 286
Retinal Detachment, by Kanski, J. J., 412
Retinoblastoma, by Blodi, F. C. (ed.), 550
Techniques in Ophthalmic Plastic Surgery, by Wesley, R. E. (ed.), 285
Toxicology of the Eye, 3rd ed., by Morton, W., 410
Visual Disability in the Elderly, by Cullinan, T., 286
Visual Optics and Refraction. A Clinical Approach, by Michaels, D. D., 285

Brown's syndrome
Spontaneous cure of congenital Brown's syndrome (letter), 542

C

***Candida* sp.**
Bilateral fungal corneal ulcers in a patient with AIDS-related complex (letter), 118
Topical ketoconazole for experimental *Candida* keratitis in rabbits, 522

Carotid artery
Macular edema in association with severe carotid artery obstruction, 442

Caruncle
Oncocytoma of the caruncle, 315
Types and frequency of lesions of the caruncle, 771

Cataract
Abnormal sensory findings secondary to monocular cataracts in children and strabismic adults, 349
Aldose reductase in the diabetic eye. XLIII Edward Jackson Memorial Lecture, 685
Chronic *Propionibacterium* endophthalmitis after extracapsular cataract extraction and intraocular lens implantation, 733
Comparison of low- and high-volume irrigation-aspiration systems for extracapsular cataract extraction, 91
Corneal subepithelial deposits after use of sodium chondroitin (letter), 279
Features of a syndrome with congenital cataract and hypertrophic cardiomyopathy, 740
Inflammation after cataract surgery (editorial), 788
Ocular features of the Hagberg-Santavuori syndrome, 262
Phototoxic retinal damage during refractive surgery (letter), 121
Surgical vitrectomy for pseudophakic malignant glaucoma, 149
Surgical vitrectomy for pseudophakic malignant glaucoma (correspondence), 803
Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation, 723
Visual results after surgery for monocular juvenile cataracts of undetermined onset, 468

Central retinal artery
Central retinal artery occlusion in Sneddon's disease associated with antiphospholipid antibodies, 37

Certification
Time-limited board certification (editorial), 790

Children
Abnormal sensory findings secondary to monocular cataracts in children and strabismic adults, 349
Compliance and results of treatment for amblyopia in children more than 8 years old, 340
Niikawa-Kuroki (Kabuki make-up) syndrome in an American black (letter), 667
Pattern-reversal visual-evoked potentials in the diagnosis of amblyopia in children, 329
Spontaneous cure of congenital Brown's syndrome (letter), 542
Spontaneous resolution of herpes simplex blepharoconjunctivitis in children, 598
Visual results after surgery for monocular juvenile cataracts of undetermined onset, 468

***Chlamydia* sp.**
Chlamydial infection producting keratoconjunctivitis of the corneoscleral limbus (letter), 798

Chondroitin sulfate
Endothelial cell survival on transplanted human corneas preserved at 4 C in 2.5% chondroitin sulfate for one to 13 days, 382

Choroid
Serous detachments of the macula associated with presumed small choroidal melanomas, 176

Choroiditis
Nonreactive tuberculosis in a patient with acquired

immune deficiency syndrome (letter), 659
Churg-Strauss syndrome
Conjunctival involvement in Churg-Strauss syndrome, 601
Cicatricial entropion
New clamp for cicatricial entropion surgery (letter), 539
Cicatricial pemphigoid
Scanning electron microscopy of conjunctival surfaces in patients with ocular cicatricial pemphigoid, 584
Collagen
Extracellular matrix of the human optic nerve head, 139
Color vision
Computerized scoring and graphing of the Farnsworth-Munsell 100-hue color vision test (correspondence), 548
Electroretinograms in carriers of blue cone monochromatism, 254
Computer software
Linear regression software for intraocular lens implant power calculation (correspondence), 405
Congenital disorders
Congenital herpes simplex retinitis, 33
Conjunctiva
Conjunctival involvement in Churg-Strauss syndrome, 601
Conjunctival map biopsy to determine pagetoid spread, 87
Myxomas of the conjunctiva, 80
Scanning electron microscopy of conjunctival surfaces in patients with ocular cicatricial pemphigoid, 584
Conjunctivitis
Clinical characteristics and course of adult gonococcal conjunctivitis, 575
Platinum spatula vs Dacron swab in the preparation of conjunctival smears (letter), 400
Contact lens
Acanthamoeba—the ultimate opportunist? (editorial), 527
Contact lens complications. Incidental or epidemic? (editorial), 116
Contact lens complications: incidental or epidemic? (correspondence), 803
Contact laser scalpel for intraocular surgery (letter), 663
Corneal ulcers associated with daily-wear and extended-wear contact lenses, 58
Effects of hard and soft contact lenses on the corneal endothelium, 50
Instrument for the examination and measurement of contact lenses (letter), 120
Proposed mechanism for increased tear-film osmolarity in contact lens wearers, 505
Cornea
Absence of normal keratan sulfate in the blood of patients with macular corneal dystrophy, 561
Aqueous amino acid levels in Fuchs' corneal dystrophy, 570
Bilateral fungal corneal ulcers in a patient with AIDS-related complex (letter), 118
Compression keratopathy, 208
Confirmation of HTLV-III virus in cornea (letter), 390
Corneal endothelium in penetrating keratoplasty, 66
Corneal subepithelial deposits after use of sodium chondroitin (letter), 279
Corneal ulcers associated with daily-wear and extended-wear contact lenses, 58
Donor corneal endothelial striae, 508
Effects of hard and soft contact lenses on the corneal endothelium, 50
Endothelial cell survival on transplanted human corneas preserved at 4 C in 2.5% chondroitin sulfate for one to 13 days, 382
Fly larva adherent to corneal endothelium, 211
Management of corneal contact thermal burns (letter), 536
Modified corneal light reflex test with distance fixation (letter), 661
Mycobacterium chelonei keratitis after radial keratotomy, 72
Penetrating keratoplasty after placement of a temporary keratoprosthesis during pars plana vitrectomy, 45
Pigment dispersion syndrome in pseudophakic corneal transplants, 762
Precarved lyophilized tissue for lamellar keratoplasty in recurrent pterygium, 222
Preliminary report on corneal incisions created by a hydrogen fluoride laser, 217
Visual results in repeat penetrating keratoplasty, 371
Corneoscleral limbus
Chlamydial infection producting keratoconjunctivitis of the corneoscleral limbus (letter), 798
Corrections
HLA antigens in Fuchs' heterochromic iridocyclitis: 392; correction, 809
Corticosteroid
Ocular hypertensive effect of 0.25% fluorometholone in corticosteroid responders, 159
Craniopharyngioma
Magnetic resonance imaging of craniopharyngioma, 242
Cyanoacrylate
Experimental transvitreal cyanoacrylate retinopexy, 199
Cyclophosphamide
Cyclophosphamide in the treatment of orbital vasculitis, 97
Treatment of trilateral retinoblastoma with vincristine and cyclophosphamide, 650
Cyst
Clinicopathologic study of hematic cysts of the orbit, 237
Clinicopathologic study of hematic cysts of the orbit (correspondence), 804
Lack of association between iris color and primary iris cysts, 95
Cytomegalovirus
Treatment of cytomegalovirus optic neuritis with dihydroxy propoxymethyl guanine (letter), 533

D

Diabetes
Aldose reductase in the diabetic eye. XLIII Edward Jackson Memorial Lecture, 685
Pseudophakic pupillary block with angle-closure glaucoma in diabetic patients, 325
Relationship of duration and onset of diabetes to prevalence of diabetic retinopathy, 431
Vitreous hemorrhage and sleep apnea (letter), 796

Diabetic retinopathy
Aldose reductase in the diabetic eye. XLIII Edward Jackson Memorial Lecture, 685
Influence of HLA-DR phenotype and myopia on the risk of nonproliferative and proliferative diabetic retinopathy, 693
Relationship of duration and onset of diabetes to prevalence of diabetic retinopathy, 431

Dihydroxy propoxymethyl guanine
Treatment of cytomegalovirus optic neuritis with dihydroxy propoxymethyl guanine (letter), 533

Dipivefrin
Comparison of two treatment schedules for combined timolol and dipivefrin therapy, 320

Drusen
Prevalence of macular drusen in postmortem eyes, 164
Prevalence of macular drusen in postmortem eyes (correspondence), 801

E

Editorials
Acanthamoeba—the ultimate opportunist? (JONES, D. B.), 527
Attack blindness! (SOMMER, A.), 387
Contact lens complications. Incidental or epidemic? (SCHEIN, O., HIBBERD, P., and KENYON, K. R., 116
Inflammation after cataract surgery (SMITH, R. E.), 788
In support of clearer public speaking (KRAMER, S. G., and SCHWARTZ, A., 657
Johann Friedrich Horner (1831–1886) (THOMPSON, H. S.), 792
Medical journal summaries (SHOCH, D.), 272
Time-limited board certification (BURDE, R. M.), 790

Endophthalmitis
Chronic *Propionibacterium* endophthalmitis after extracapsular cataract extraction and intraocular lens implantation, 733
Endophthalmitis in a silicone oil-filled eye (letter), 660
Inflammation after cataract surgery (editorial), 788

Endothelium
Corneal endothelium in penetrating keratoplasty, 66
Donor corneal endothelial striae, 508
Effects of hard and soft contact lenses on the corneal endothelium, 50
Endothelial cell survival on transplanted human corneas preserved at 4 C in 2.5% chondroitin sulfate for one to 13 days, 382
Fly larva adherent to corneal endothelium, 211
Pars planitis and autoimmune endotheliopathy, 633

Epiretinal membrane
Apparent disappearance of a macular hole associated with development of an epiretinal membrane, 172
Effect of scleral buckling on vector forces caused by epiretinal membranes, 449
Experimental epiretinal proliferation induced by intravitreal red blood cells, 188

Episcleral venous pressure
Portable transducer for measurement of episcleral venous pressure (letter), 396

Exenteration
Dermis-fat graft for orbital reconstruction after subtotal exenteration, 228

Exophthalmos
Dynamic proptosis, 104

Eyedrops
Design of eyedropper tips for topical beta-blocking agents (letter), 123
Drop size of commercial glaucoma medications (correspondence), 673

Eyelid
Correction of upper eyelid retraction using tissue removed in blepharoptosis repair (correspondence), 406
Floppy eyelid syndrome and blepharochalasis, 376
Marginal eyelid laceration at birth (letter), 539
Periocular pigmentation in the Peutz-Jeghers syndrome (letter), 126

F

Familial dysautonomia
Optic atrophy in familial dysautonomia, 463

Fibroma
Congenital generalized multicentric myofibromatosis with orbital involvement, 779

Fistula
Reopening filtration fistulas with the neodymium-YAG laser, 491

Fixation
Modified corneal light reflex test with distance fixation (letter), 661

Fluorescein
Effect of intravenous fluorescein on fluroescent treponemal antibody testing (letter), 278
Retinal fluorescein leakage in retinitis pigmentosa (correspondence), 408
Retinal fluorescein leakage in retinitis pigmentosa (correspondence), 674

Fluorometholone
Ocular hypertensive effect of 0.25% fluorometholone in corticosteroid responders, 159

Fovea
Foveal densitometry as a diagnostic technique in Stargardt's disease, 353
Geographic atrophy of the retinal pigment epithelium, 621

Freeman-Sheldon syndrome
Ocular abnormalities in the Freeman-Sheldon syndrome, 346

Fuchs' dystrophy
Aqueous amino acid levels in Fuchs' corneal dys-

trophy, 570
Fuchs' heterochromic iridocyclitis
HLA antigens in Fuchs' heterochromic iridocyclitis: 392; correction, 809

G

Genetics
Congenital absence of the lacrimal gland (letter), 800
Congenital generalized multicentric myofibromatosis with orbital involvement, 779
Congenital orbital teratomas, 476
Electroretinograms in carriers of blue cone monochromatism, 254
Features of a syndrome with congenital cataract and hypertrophic cardiomyopathy, 740
Niikawa-Kuroki (Kabuki make-up) syndrome in an American black (letter), 667
Ocular features of the Hagberg-Santavuori syndrome, 262
Optic atrophy in familial dysautonomia, 463
Periocular pigmentation in the Peutz-Jeghers syndrome (letter), 126
Spontaneous cure of congenital Brown's syndrome (letter), 542
Glaucoma
Clinical depression associated with betaxolol (letter), 275
Comparison of the Challenger digital applanation tonometer and the Goldmann applanation tonometer, 154
Comparison of two treatment schedules for combined timolol and dipivefrin therapy, 320
Comparison of visual field defects in normal-tension glaucoma and high-tension glaucoma (correspondence), 402
Compliance with topical pilocarpine treatment (correspondence), 547
Correlation of functional and structural measurements in glaucoma patients and normal subjects, 612
Drop size of commercial glaucoma medications (correspondence), 673
Glaucoma treatment with once-daily levobunolol (correspondence), 544
Neodymium-YAG laser iridectomies in glaucoma associated with closed or occludable angles, 41
Open-angle glaucoma associated with vitreous humor filling the anterior chamber, 759
Pseudophakic pupillary block with angle-closure glaucoma in diabetic patients, 325
Respiratory difficulties with betaxolol (letter), 274
Surgical vitrectomy for pseudophakic malignant glaucoma, 149
Surgical vitrectomy for pseudophakic malignant glaucoma (correspondence), 803
Two-pulse temporal resolution in patients with glaucoma, suspected glaucoma, and in normal observers, 617
Goniotomy
Simple technique for goniotomy (letter), 537

H

Hagberg-Santavuori syndrome
Ocular features of the Hagberg-Santavuori syndrome, 262
Hemangiopericytoma
Orbital calcification associated with hemangiopericytoma (letter), 126
Hemorrhage
Macular hemorrhages associated with posterior vitreous detachment, 647
Herpes simplex
Congenital herpes simplex retinitis, 33
Spontaneous resolution of herpes simplex blepharoconjunctivitis in children, 598
Herpesvirus
Demonstration of herpes group virus in acute retinal necrosis syndrome, 701
Herpes zoster ophthalmicus
New fundus finding in patients with zoster ophthalmicus (letter), 532
Oral acyclovir in the treatment of acute herpes zoster ophthalmicus (letter), 531
History of ophthalmology
Johann Friedrich Horner (1831–1886) (editorial), 792
HTLV-III virus
Confirmation of HTLV-III virus in cornea (letter), 390
Hydroxypropyl methylcellulose
Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation, 723
Hyperkeratosis
Palmar-plantar hyperkeratosis associated with bilateral keratopathy (letter), 280
Hyperoxemia
Hyperoxemic retinal neuronal necrosis in the premature neonate, 423
Hyperplasia
Scleral hyperplasia induced by heat, 25

I

Infants
Congenital herpes simplex retinitis, 33
Hyperoxemic retinal neuronal necrosis in the premature neonate, 423
Logistic analysis of risk factors in acute retinopathy of prematurity, 1
Marginal eyelid laceration at birth (letter), 539
Platinum spatula vs Dacron swab in the preparation of conjunctival smears (letter), 400
Visual acuity in newborn and preterm infants measured with grating acuity cards, 245
Intraocular lens
Chronic *Propionibacterium* endophthalmitis after extracapsular cataract extraction and intraocular lens implantation, 733
Corneal subepithelial deposits after use of sodium chondroitin (letter), 279
Linear regression software for intraocular lens implant power calculation (correspondence), 405
Ocular pseudomigraine after posterior chamber intraocular lens implantation (letter), 393
Phototoxic retinal damage during refractive surgery (letter), 121
Proteinaceous coating and cytology of implant lenses in rabbits, 750

Spectra, classification, and rationale of ultraviolet-protective intraocular lenses, 727
Surgical vitrectomy for pseudophakic malignant glaucoma, 149
Surgical vitrectomy for pseudophakic malignant glaucoma (correspondence), 803
Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation, 723

Intraocular pressure
Bilateral effects of monocular timolol treatment (letter), 275
Comparison of the Challenger digital applanation tonometer and the Goldmann applanation tonometer, 154
Comparison of the effects of Viscoat and Healon on postoperative intraocular pressure (correspondence), 404
Compression keratopathy, 208
Glaucoma treatment with once-daily levobunolol (correspondence), 544
Neodymium-YAG laser iridectomies in glaucoma associated with closed or occludable angles, 41
Ocular hypertensive effect of 0.25% fluorometholone in corticosteroid responders, 159

Intraocular tumor
Nuclear magnetic resonance imaging of intraocular tumors, 438

Iridectomy
Autopsy eye model for laser trabeculoplasty and iridectomy (letter), 664
Neodymium-YAG laser iridectomies in glaucoma associated with closed or occludable angles, 41

Iridotomy
High-efficiency laser iridotomy-sphincterotomy lens (correspondence), 670
Retinal damage after argon laser iridotomy (correspondence), 668
Retinal damage after argon laser iridotomy (correspondence), 669

Iris
Balloon cell nevus of the iris (letter), 282
Lack of association between iris color and primary iris cysts, 95

J

Jackson, Edward
XLIII Memorial Lecture. Aldose reductase in the diabetic eye, 685

K

Keratan sulfate
Absence of normal keratan sulfate in the blood of patients with macular corneal dystrophy, 561

Keratitis
Acanthamoeba—the ultimate opportunist? (editorial), 527
Mycobacterium chelonei keratitis after radial keratotomy, 72
Topical ketoconazole for experimental *Candida* keratitis in rabbits, 522

Keratoconjunctivitis
Chlamydial infection producting keratoconjunctivitis of the corneoscleral limbus (letter), 798

Keratomycosis
Fluorescein-conjugated lectin identification of a case of human keratomycosis (letter), 797
Miconazole and ketoconazole as a satisfactory first-line treatment for keratomycosis (correspondence), 547

Keratopathy
Aldose reductase in the diabetic eye. XLIII Edward Jackson Memorial Lecture, 685
Compression keratopathy, 208
Palmar-plantar hyperkeratosis associated with bilateral keratopathy (letter), 280

Keratoplasty
Corneal endothelium in penetrating keratoplasty, 66
Late wound dehiscence after penetrating keratoplasty in association with digital massage (letter), 391
Penetrating keratoplasty after placement of a temporary keratoprosthesis during pars plana vitrectomy, 45
Pigment dispersion syndrome in pseudophakic corneal transplants, 762
Precarved lyophilized tissue for lamellar keratoplasty in recurrent pterygium, 222

Ketoconazole
Miconazole and ketoconazole as a satisfactory first-line treatment for keratomycosis (correspondence), 547
Topical ketoconazole for experimental *Candida* keratitis in rabbits, 522

L

Lacrimal apparatus
Congenital absence of the lacrimal gland (letter), 800

Lamina cribrosa
Extracellular matrix of the human optic nerve head, 139

Laser
Argon photocoagulation through the operating microscope, 666
Autopsy eye model for laser trabeculoplasty and iridectomy (letter), 664
Contact laser scalpel for intraocular surgery (letter), 663
High-efficiency laser iridotomy-sphincterotomy lens (correspondence), 670
Neodymium-YAG laser iridectomies in glaucoma associated with closed or occludable angles, 41
Preliminary report on corneal incisions created by a hydrogen fluoride laser, 217
Reopening filtration fistulas with the neodymium-YAG laser, 491
Retinal damage after argon laser iridotomy (correspondence), 668
Retinal damage after argon laser iridotomy (correspondence), 669
Simple technique to facilitate laser application in obese women (letter), 400
Surgical management of orbital lymphangioma with the carbon dioxide laser, 308

Lens
Comparison of low- and high-volume irrigation-

aspiration systems for extracapsular cataract extraction, 91
High-efficiency laser iridotomy-sphincterotomy lens (correspondence), 670
Simple method for delivery of a subluxed lens (letter), 537
Lymphangioma
Surgical management of orbital lymphangioma with the carbon dioxide laser, 308

M

Macula
Abnormal glucose metabolism and parafoveal telangiectasia, 363
Absence of normal keratan sulfate in the blood of patients with macular corneal dystrophy, 561
Apparent disappearance of a macular hole associated with development of an epiretinal membrane, 172
Foveal densitometry as a diagnostic technique in Stargardt's disease, 353
Geographic atrophy of the retinal pigment epithelium, 621
Macular edema in association with severe carotid artery obstruction, 442
Macular hemorrhages associated with posterior vitreous detachment, 647
Posterior vitreous detachment and idiopathic preretinal macular gliosis, 196
Prevalence of macular drusen in postmortem eyes, 164
Prevalence of macular drusen in postmortem eyes (correspondence), 801
Serous detachments of the macula associated with presumed small choroidal melanomas, 176
Maculopathy
Maculopathy associated with combination chemotherapy and osmotic opening of the blood-brain barrier, 626
Welding arc maculopathy (letter), 394
Magnetic resonance imaging
Magnetic resonance imaging of craniopharyngioma, 242
Nuclear magnetic resonance imaging of intraocular tumors, 438
Nuclear magnetic resonance imaging of subretinal fluid, 640
Meetings, Conferences, Symposia
15th Pupil Colloquium (THOMPSON, H. S.), 551
Melanoma
Serous detachments of the macula associated with presumed small choroidal melanomas, 176
Miconazole
Miconazole and ketoconazole as a satisfactory first-line treatment for keratomycosis (correspondence), 547
Migraine
Ocular pseudomigraine after posterior chamber intraocular lens implantation (letter), 393
Mucocele
Sphenoid sinus mucocele (anterior clinoid variant) mimicking diabetic ophthalmoplegia and retrobulbar neuritis, 111
Mucolipidosis III
Ophthalmologic findings in mucolipidosis III (pseudo-Hurler polydystrophy), 592
***Mycobacterium* sp.**
Mycobacterium chelonei keratitis after radial keratotomy, 72
Myokymia
Oscillopsia associated with eyelid myokymia (letter), 662
Myopia
Influence of HLA-DR phenotype and myopia on the risk of nonproliferative and proliferative diabetic retinopathy, 693
Scleral hyperplasia induced by heat, 25
Transient myopia induced by sulfonamides (correspondence), 283
Myxoma
Myxomas of the conjunctiva, 80

N

***Neisseria* sp.**
Clinical characteristics and course of adult gonococcal conjunctivitis, 575
Neuromyotonia
Ocular neuromyotonia after radiation therapy, 766
Nevus
Balloon cell nevus of the iris (letter), 282

O

Obituaries
Paul Henkind, M.D. 1932–1986 (SHOCH, D.), 413
Professor Chen Yao-Zhen (Eugene Chan), M.D. 1899-1986 (KUPFER, C.), 286
Occlusion
Alternating penalization in the prevention of amblyopia recurrence, 473
Ocular injuries
Ocular jellyfish stings in Chesapeake Bay watermen (letter), 536
Ocular motility
Ocular neuromyotonia after radiation therapy, 766
Paralysis of convergence caused by mushroom poisoning (letter), 124
Oncocytoma
Oncocytoma of the caruncle, 315
Open-angle glaucoma
Comparison of two treatment schedules for combined timolol and dipivefrin therapy, 320
Open-angle glaucoma associated with vitreous humor filling the anterior chamber, 759
Ophthalmomyiasis
Fly larva adherent to corneal endothelium, 211
Ophthalmoplegia
Sphenoid sinus mucocele (anterior clinoid variant) mimicking diabetic ophthalmoplegia and retrobulbar neuritis, 111
Spontaneous contractions of the pupillary sphincter in traumatic ophthalmoplegia (letter), 543
Optic atrophy
Ophthalmologic and systemic manifestations of Alström's disease, 482
Optic atrophy in familial dysautonomia, 463
Optic nerve
Correlation of functional and structural measurements in glaucoma patients and normal sub-

jects, 612
Extracellular matrix of the human optic nerve head, 139
Ophthalmologic findings in mucolipidosis III (pseudo-Hurler polydystrophy), 592
Optic neuropathy
Sphenoid sinus mucocele (anterior clinoid variant) mimicking diabetic ophthalmoplegia and retrobulbar neuritis, 111
Orbit
Clinicopathologic study of hematic cysts of the orbit, 237
Clinicopathologic study of hematic cysts of the orbit (correspondence), 804
Congenital generalized multicentric myofibromatosis with orbital involvement, 779
Congenital orbital teratomas, 476
Cyclophosphamide in the treatment of orbital vasculitis, 97
Dermis-fat graft for orbital reconstruction after subtotal exenteration, 228
Dynamic proptosis, 104
Involvement of orbital tissues by sarcoid, 302
Orbital calcification associated with hemangiopericytoma (letter), 126
Periorbital cellulitis after eyebrow tweezing (letter), 534
Surgical management of orbital lymphangioma with the carbon dioxide laser, 308
Oscillopsia
Oscillopsia associated with eyelid myokymia (letter), 662

P

Pars plana vitrectomy
Penetrating keratoplasty after placement of a temporary keratoprosthesis during pars plana vitrectomy, 45
Tilted convex mirror for viewing the tip of a pars plana infusion cannula (letter), 399
Pars planitis
Pars planitis and autoimmune endotheliopathy, 633
Penetrating keratoplasty
Corneal endothelium in penetrating keratoplasty, 66
Penetrating keratoplasty after placement of a temporary keratoprosthesis during pars plana vitrectomy, 45
Visual results in repeat penetrating keratoplasty, 371
Perimetry
Comparison of quantitative testing with the Octopus, Humphrey, and Tübingen perimeters, 496
Periorbital cellulitis
Periorbital cellulitis after eyebrow tweezing (letter), 534
Peutz-Jeghers syndrome
Periocular pigmentation in the Peutz-Jeghers syndrome (letter), 126
Photocoagulation
Argon photocoagulation through the operating microscope, 666
Serous detachments of the macula associated with presumed small choroidal melanomas, 176
Photophobia
Palmar-plantar hyperkeratosis associated with bilateral keratopathy (letter), 280
Pigment dispersion syndrome
Pigment dispersion syndrome in pseudophakic corneal transplants, 762
Pigment epithelium
Geographic atrophy of the retinal pigment epithelium, 621
Pilocarpine
Compliance with topical pilocarpine treatment (correspondence), 547
Polyarteritis nodosa
Polyarteritis nodosa diagnosed by temporal artery biopsy (letter), 541
***Propionibacterium* sp.**
Chronic *Propionibacterium* endophthalmitis after extracapsular cataract extraction and intraocular lens implantation, 733
Proptosis
Dynamic proptosis, 104
Pterygium
Precarved lyophilized tissue for lamellar keratoplasty in recurrent pterygium, 222
Pupil
Paralysis of convergence caused by mushroom poisoning (letter), 124
Spontaneous contractions of the pupillary sphincter in traumatic ophthalmoplegia (letter), 543

R

Radial keratotomy
Blepharoptosis after radial keratotomy (letter), 800
Mycobacterium chelonei keratitis after radial keratotomy, 72
Radiation therapy
Ocular neuromyotonia after radiation therapy, 766
Retina
Central retinal artery occlusion in Sneddon's disease associated with antiphospholipid antibodies, 37
Correlation of functional and structural measurements in glaucoma patients and normal subjects, 612
Demonstration of herpes group virus in acute retinal necrosis syndrome, 701
Effect of scleral buckling on vector forces caused by epiretinal membranes, 449
Experimental epiretinal proliferation induced by intravitreal red blood cells, 188
Geographic atrophy of the retinal pigment epithelium, 621
Hyperoxemic retinal neuronal necrosis in the premature neonate, 423
Ophthalmologic findings in mucolipidosis III (pseudo-Hurler polydystrophy), 592
Phototoxic retinal damage during refractive surgery (letter), 121
Retinal damage after argon laser iridotomy (correspondence), 668
Retinal damage after argon laser iridotomy (correspondence), 669
Retinal fluorescein leakage in retinitis pigmentosa

(correspondence), 408
Retinal fluorescein leakage in retinitis pigmentosa (correspondence), 674
Sequential retinal tears attributed to intraocular gas (letter), 276
Temperature-dependent light damage to the retina, 452
Vitrectomy for advanced stages of retinopathy of prematurity, 710
Retinal detachment
Clinical results of titanium retinal tacks with pneumatic insertion, 13
Experimental transvitreal cyanoacrylate retinopexy, 199
Experimental transvitreal cyanoacrylate retinopexy through silicone oil, 717
Relaxing retinotomies and retinectomies, 7
Ulnar nerve mononeuropathies after face-down positioning (letter), 125
Use of retinal tacks in the repair of complicated retinal detachments, 20
Retinal neuronal necrosis
Hyperoxemic retinal neuronal necrosis in the premature neonate, 423
Retinitis
Congenital herpes simplex retinitis, 33
Treatment of cytomegalovirus optic neuritis with dihydroxy propoxymethyl guanine (letter), 533
Retinitis pigmentosa
Retinal fluorescein leakage in retinitis pigmentosa (correspondence), 408
Retinal fluorescein leakage in retinitis pigmentosa (correspondence), 674
Retinoblastoma
Treatment of trilateral retinoblastoma with vincristine and cyclophosphamide, 650
Ultrastructural correlation of specular microscopy in retinoblastoma, 182
Retinopathy
Ophthalmologic and systemic manifestations of Alström's disease, 482
Spectra, classification, and rationale of ultraviolet-protective intraocular lenses, 727
Retinopathy of prematurity
Logistic analysis of risk factors in acute retinopathy of prematurity, 1
Vitrectomy for advanced stages of retinopathy of prematurity, 710
Retinopexy
Experimental transvitreal cyanoacrylate retinopexy, 199
Experimental transvitreal cyanoacrylate retinopexy through silicone oil, 717
Rosacea
Ocular rosacea in blacks (correspondence), 284

S

Sarcoidosis
Involvement of orbital tissues by sarcoid, 302
Ocular involvement in chronic sarcoidosis, 297
Sclera
Observations on long-term follow-up of posterior scleritis (correspondence), 671
Scleral hyperplasia induced by heat, 25
Scleral buckle
Effect of scleral buckling on vector forces caused by epiretinal membranes, 449
Silicone oil
Endophthalmitis in a silicone oil-filled eye (letter), 660
Experimental transvitreal cyanoacrylate retinopexy through silicone oil, 717
Sinus
Sphenoid sinus mucocele (anterior clinoid variant) mimicking diabetic ophthalmoplegia and retrobulbar neuritis, 111
Slit lamp
Projection microscopy with the slit lamp and an eyepiece (letter), 401
Sneddon's disease
Central retinal artery occlusion in Sneddon's disease associated with antiphospholipid antibodies, 37
Sodium chondroitin
Corneal subepithelial deposits after use of sodium chondroitin (letter), 279
Sodium hyaluronate
Comparison of the effects of Viscoat and Healon on postoperative intraocular pressure (correspondence), 404
Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation, 723
Sphincterotomy
High-efficiency laser iridotomy-sphincterotomy lens (correspondence), 670
Stargardt's disease
Foveal densitometry as a diagnostic technique in Stargardt's disease, 353
Strabismus
Abnormal sensory findings secondary to monocular cataracts in children and strabismic adults, 349
Ocular abnormalities in the Freeman-Sheldon syndrome, 346
Subretinal fluid
Nuclear magnetic resonance imaging of subretinal fluid, 640
Sulfonamide
Transient myopia induced by sulfonamides (correspondence), 283

T

Tears
Proposed mechanism for increased tear-film osmolarity in contact lens wearers, 505
Telangectasia
Abnormal glucose metabolism and parafoveal telangiectasia, 363
Teratoma
Congenital orbital teratomas, 476
Thermal burns
Management of corneal contact thermal burns (letter), 536
Timolol
Adverse respiratory and cardiovascular events attributed to timolol ophthalmic solution, 1978–1985, 606

Bilateral effects of monocular timolol treatment (letter), 275
Comparison of two treatment schedules for combined timolol and dipivefrin therapy, 320
Tonometry
Comparison of the Challenger digital applanation tonometer and the Goldmann applanation tonometer, 154
Disposable parafilm cover for the applanation tonometer (letter), 397
Trabeculoplasty
Autopsy eye model for laser trabeculoplasty and iridectomy (letter), 664
Tumor
Congenital orbital teratomas, 476
Nuclear magnetic resonance imaging of intraocular tumors, 438

U

Ulcer
Bilateral fungal corneal ulcers in a patient with AIDS-related complex (letter), 118
Corneal ulcers associated with daily-wear and extended-wear contact lenses, 58
Ulnar nerve
Ulnar nerve mononeuropathies after face-down positioning (letter), 125
Uveitis
Association of Gm allotypes with the occurrence of ankylosing spondylitis in HLA-B27-positive anterior uveitis (correspondence), 549
Diagnosis of anterior chamber metastasis by serologic marker found during anterior chamber paracentesis, 179
Ocular involvement in chronic sarcoidosis, 297

V

Varicella
New fundus finding in patients with zoster ophthalmicus (letter), 532
Vasculitis
Cyclophosphamide in the treatment of orbital vasculitis, 97
Vincristine
Treatment of trilateral retinoblastoma with vincristine and cyclophosphamide, 650
Visual acuity
Apparent disappearance of a macular hole associated with development of an epiretinal membrane, 172
Relaxing retinotomies and retinectomies, 7
Visual acuity in newborn and preterm infants measured with grating acuity cards, 245
Visual-evoked potential
Pattern-reversal visual-evoked potentials in the diagnosis of amblyopia in children, 329
Visual field
Comparison of visual field defects in normal-tension glaucoma and high-tension glaucoma (correspondence), 402
Visual loss
Sphenoid sinus mucocele (anterior clinoid variant) mimicking diabetic ophthalmoplegia and retrobulbar neuritis, 111
Vitrectomy
Penetrating keratoplasty after placement of a temporary keratoprosthesis during pars plana vitrectomy, 45
Surgical vitrectomy for pseudophakic malignant glaucoma, 149
Surgical vitrectomy for pseudophakic malignant glaucoma (correspondence), 803
Temperature-dependent light damage to the retina, 452
Tilted convex mirror for viewing the tip of a pars plana infusion cannula (letter), 399
Vitrectomy for advanced stages of retinopathy of prematurity, 710
Vitreous
Macular hemorrhages associated with posterior vitreous detachment, 647
Open-angle glaucoma associated with vitreous humor filling the anterior chamber, 759
Posterior vitreous detachment and idiopathic preretinal macular gliosis, 196
Vitreous hemorrhage and sleep apnea (letter), 796

ABSTRACT INDEX

A

Abetalipoproteinemia
Oral vitamin E supplements can prevent the retinopathy of abetalipoproteinaemia, 676

Acetazolamide
Ocular penetration and hypotensive activity of the topically applied carbonic anhydrase inhibitor L-645, 151, 678

Acquired immune deficiency syndrome
Toxic keratopathy associated with suramin therapy, 292

Acyclovir
Oral acyclovir (Zovirax) in herpes simplex dendritic corneal ulceration, 677

Aging
Effect of aging on sensorimotor functions of eye and hand movements, 554

Albinism
Segregation analysis of Brown oculocutaneous albinism, 813

Aldose reductase
Study of aldose reductase inhibition in intact lenses by ^{13}C nuclear magnetic resonance spectroscopy, 557

Alzheimer's disease
Alteration of the visual blink reflex in patients with dementia, 678
Optic-nerve degeneration in Alzheimer's disease, 679

Aneurysm
Carotid-ophthalmic artery aneurysm masquerading as optic neuritis, 418

Antibody
Antibodies to herpes simplex virus type I in intraocular fluids of patients with acute retinal necrosis, 288
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated monoclonal antibody, 291
Expression of the photoreceptor-specific S-antigen in human retinoblastoma, 289

Antigen
Expression of the photoreceptor-specific S-antigen in human retinoblastoma, 289
Reduced graft rejection with good HLA-A and B matching in high-risk corneal transplantation, 679

Aqueous humor
8-Methoxypsoralen levels in blood in vitiligo patients and in skin, ophthalmic fluids, and ocular tissues of the guinea pig, 814

Arthritis
Orbital apex syndrome caused by rheumatoid nodules, 418

Ascorbic acid
Protective role for ascorbic acid during inflammatory episodes in the eye, 416

B

Beta-blocker
Different beta-blockers and their short-time effect on break-up time, 134

Binocularity
Binocular and monocular visual function in World Class tennis players, 676

Blepharoptosis
Levator advancement technique for eyelid ptosis, 293

Blepharospasm
Botulinum toxin for blepharospasm. Single-fiber EMG studies, 133
Botulinum toxin in the management of blepharospasm, 288

Blink reflex
Alteration of the visual blink reflex in patients with dementia, 678

Blood-retinal barrier
Alteration of the blood-retinal barrier and vitreous in sickle cell retinopathy, 555
Blood-retinal barrier permeability to fluorescein in normal subjects and in juvenile diabetics without retinopathy, 553
Effect of sorbinil on blood-retinal barrier in early diabetic retinopathy, 554

Botulinum toxin
Botulinum toxin for blepharospasm. Single-fiber EMG studies, 133
Botulinum toxin in the management of blepharospasm, 288

C

***Candida* sp.**
Source of infection in *Candida* endophthalmitis in drug addicts, 289

Carbonic anhydrase inhibitor
Ocular penetration and hypotensive activity of the topically applied carbonic anhydrase inhibitor L-645, 151, 678

Carotid artery
Carotid-ophthalmic artery aneurysm masquerading as optic neuritis, 418
Cotton-wool spots, 294
Noninvasive conjunctival oxygen monitoring during carotid endarterectomy, 811

Carotid-cavernous fistula
Carotid-cavernous fistulas. Embolization through the superior ophthalmic vein approach, 293

Cataract
Cataracts in patients heterozygous for galactokinase deficiency, 132

Inexplicable infantile cataracts and partial maternal galactose disorder, 415
Molecular mechanisms of cataractogenesis: IV. Evidence of phospholipid malondialdehyde adduct in human senile cataract, 678
Near-total glutathione depletion and age-specific cataracts induced by buthionine sulfoximine in mice, 680
One-step extracapsular cataract extraction and silicone oil-injection in the management of proliferative vitreoretinopathy, 553

Chandler's syndrome
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. I. Alterations of the corneal endothelium, 555
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. II. Estimated age at disease onset, 555

Chiasm
Childhood chiasmal gliomas. Update on the fate of patients in the 1969 San Francisco study, 677

Children
Blood-retinal barrier permeability to fluorescein in normal subjects and in juvenile diabetics without retinopathy, 553
Late effects of therapy in orbital rhabdomyosarcoma in children, 416
Permanent visual impairment in childhood pseudotumor cerebri, 811
Relationship between ocular and articular disease activity in children with juvenile rheumatoid arthritis and associated uveitis, 812
Retinal hemorrhage after cardiopulmonary resuscitation or child abuse, 419
Reye syndrome: late spontaneous resolution of exotropia secondary to oculomotor ophthalmoplegia, 676

***Chlamydia* sp.**
Assessment of neonatal conjunctivitis with a direct immunofluorescent monoclonal antibody stain for *Chlamydia*, 556
Chlamydia trachomatis as a cause of neonatal conjunctivitis, 811
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated monoclonal antibody, 291
Oral doxycycline in the treatment of adult chlamydial ophthalmia, 415
Prospective study of perinatal transmission of *Chlamydia* trachomatis, 556

Choroid
Focal fluorescence of choroidal melanoma, 289
Gamma-enolase activity in choroidal melanoma, 554
Krypton red laser photocoagulation in selected cases of central serous choroiretinopathy, 679

Clofazimine
Clofazimine-induced bull's-eye retinopathy, 557

Cogan-Reese syndrome
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. I. Alterations of the corneal endothelium, 555
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. II. Estimated age at disease onset, 555

Cogan's syndrome
Cogan's syndrome. 18 cases and a review of the literature, 292

Color vision
Molecular genetics of human color vision. The genes encoding blue, green, and red pigments, 134
Molecular genetics of inherited variation in human color vision, 135

Conjunctiva
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated monoclonal antibody, 291
Malignant melanomas of the conjunctiva, 417
Noninvasive conjunctival oxygen monitoring during carotid endarterectomy, 811

Conjunctivitis
Assessment of neonatal conjunctivitis with a direct immunofluorescent monoclonal antibody stain for *Chlamydia*, 556
Chlamydia trachomatis as a cause of neonatal conjunctivitis, 811
Evaluation of the cause of nasal and ocular symptoms associated with lawn mowing, 555

Contact lens
Contact lens wear in dry environments, 553

Contrast sensitivity
Contrast sensitivity versus visual acuity in retinal disease, 813

Cornea
Comparative study of corneal incisions induced by diamond and steel knives and two ultraviolet radiations from an excimer laser, 812
Interferon-β treatment of herpes simplex keratitis, 134
Oral acyclovir (Zovirax) in herpes simplex dendritic corneal ulceration, 677
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. I. Alterations of the corneal endothelium, 555
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. II. Estimated age at disease onset, 555
Reduced graft rejection with good HLA-A and B matching in high-risk corneal transplantation, 679
An unusual ocular finding associated with chromosome 1q deletion syndrome, 420

Corticosteroid
Intraocular injection of depomedrone, 415

Cotton-wool spots
Cotton-wool spots, 294

Cryotherapy
Pilot study on cryotherapy and active retinopathy of prematurity, 290

D

Deferoxamine
Visual and auditory neurotoxicity in patients re-

ceiving subcutaneous deferoxamine infusions, 133

Diabetes
Blood-retinal barrier permeability to fluorescein in normal subjects and in juvenile diabetics without retinopathy, 553
Cotton-wool spots, 294
Is proliferative diabetic retinopathy an indication for pancreatic transplantation?, 815
Microangiopathy in a young adult with cystic fibrosis and diabetes mellitus, 133
Prevalence and development of retinopathy in children and adolescents with type 1 (insulin-dependent) diabetes mellitus. A longitudinal study, 290
Relationship between retinopathy and glycaemic control in insulin-dependent and noninsulin-dependent diabetes, 419
Retinopathy in older type II diabetics. Association with glucose control, 813
Risk factors for the development of retinopathy in children and adolescents with type 1 (insulin-dependent) diabetes mellitus, 290

Diabetic retinopathy
Effect of sorbinil on blood-retinal barrier in early diabetic retinopathy, 554

E

Endophthalmitis
Source of infection in *Candida* endophthalmitis in drug addicts, 289

Endothelium
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. I. Alterations of the corneal endothelium, 555
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. II. Estimated age at disease onset, 555

Erdheim-Chester disease
Erdheim-Chester disease presenting as malignant exophthalmos, 131

Exfoliation syndrome
Exfoliation syndrome, 680

Exophthalmos
Erdheim-Chester disease presenting as malignant exophthalmos, 131

Exotropia
Reye syndrome: late spontaneous resolution of exotropia secondary to oculomotor ophthalmoplegia, 676

Eyelid
Levator advancement technique for eyelid ptosis, 293

F

Fistula
Carotid-cavernous fistulas. Embolization through the superior ophthalmic vein approach, 293

Fuchs' heterochromic cyclitis
Fuchs' heterochromic cyclitis: an electron microscopy study, 558

G

Galactose
Inexplicable infantile cataracts and partial maternal galactose disorder, 415

Gamma-enolase
Gamma-enolase activity in choroidal melanoma, 554

Genetics
Best's vitelliform macular dystrophy, 130
Cataracts in patients heterozygous for galactokinase deficiency, 132
Molecular genetics of human color vision. The genes encoding blue, green, and red pigments, 134
Molecular genetics of inherited variation in human color vision, 135
Prediction of familial predisposition to retinoblastoma, 292
Segregation analysis of Brown oculocutaneous albinism, 813
An unusual ocular finding associated with chromosome Iq deletion syndrome, 420

Glaucoma
What is the most suitable grid for computer perimetry in glaucoma patients?, 134

Glioma
Childhood chiasmal gliomas. Update on the fate of patients in the 1969 San Francisco study, 677

H

Headache
Anterior ischaemic optic neuropathy secondary to cluster headache, 288

Herpes simplex
Antibodies to herpes simplex virus type I in intraocular fluids of patients with acute retinal necrosis, 288
Interferon-β treatment of herpes simplex keratitis, 134
Oral acyclovir (Zovirax) in herpes simplex dendritic corneal ulceration, 677

Herpes zoster ophthalmicus
Development of an immunofluorescence test for the serodiagnosis of herpes zoster ophthalmicus, 677

Hunter's syndrome
Uveal effusion in Hunter's syndrome, 557

Hypertension
Benign intracranial hypertension. Visual loss and optic nerve sheath fenestration, 291
Cotton-wool spots, 294

Hypopigmentation
Abnormalities of the central visual pathways in Prader-Willi syndrome associated with hypopigmentation, 420

I

Infants
Assessment of neonatal conjunctivitis with a direct immunofluorescent monoclonal antibody stain for *Chlamydia*, 556
Chlamydia trachomatis as a cause of neonatal conjunctivitis, 811
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated monoclonal antibody, 291

Development of visual acuity in normal fullterm and preterm infants, 815
Inexplicable infantile cataracts and partial maternal galactose disorder, 415
Papillary meningioma involving the oculomotor nerve in an infant, 418
Pilot study on cryotherapy and active retinopathy of prematurity, 290
Prospective study of perinatal transmission of *Chlamydia* trachomatis, 556
Retinal hemorrhage after cardiopulmonary resuscitation or child abuse, 419
An unusual ocular finding associated with chromosome Iq deletion syndrome, 420

Inflammation
Protective role for ascorbic acid during inflammatory episodes in the eye, 416

Interferon
Interferon-β treatment of herpes simplex keratitis, 134

Intraocular pressure
Effect of digital massage on intraocular pressure and ocular and optic nerve blood flow, 130

Iris
Fuchs' heterochromic cyclitis: an electron microscopy study, 558
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. I. Alterations of the corneal endothelium, 555
Pathogenesis of Chandler's syndrome, essential iris atrophy and the Cogan-Reese syndrome. II. Estimated age at disease onset, 555

K

Kayser-Fleischer ring
Kayser-Fleischer ring during long-term treatment in Wilson's disease (hepatolenticular degeneration), 132

Keratitis
Interferon-β treatment of herpes simplex keratitis, 134

Keratopathy
Toxic keratopathy associated with suramin therapy, 292

L

Laser
Comparative study of corneal incisions induced by diamond and steel knives and two ultraviolet radiations from an excimer laser, 812
In-vitro morphological study of Q-switched neodymium/YAG laser trabeculotomy, 289
Krypton red laser photocoagulation in selected cases of central serous choroiretinopathy, 679
Krypton red laser photocoagulation of peripapillary subretinal neovascular membranes, 131

Lens
Effects of the aldose reductase inhibitor sorbinil on the isolated cultured rat lens, 556
8-Methoxypsoralen levels in blood in vitiligo patients and in skin, ophthalmic fluids, and ocular tissues of the guinea pig, 814
Study of aldose reductase inhibition in intact lenses by ^{13}C nuclear magnetic resonance spectroscopy, 557

Levator palpebrae superioris muscle
Levator advancement technique for eyelid ptosis, 293

Levobunolol
Different beta-blockers and their short-time effect on break-up time, 134

Lupus erythematosus
Optic neuritis and myelopathy in systemic lupus erythematosus, 553

Lyme disease
Lyme disease associated with optic neuropathy, 810

M

Macula
Best's vitelliform macular dystrophy, 130
Reading with a macular scotoma, 677

Madarosis
Madarosis from cocaine use, 420

Magnetic resonance imaging
Disseminated lesions at presentation in patients with optic neuritis, 132

Melanoma
Adjuvant chemotherapy in ocular malignant melanoma, 815
Focal fluorescence of choroidal melanoma, 289
Gamma-enolase activity in choroidal melanoma, 554
Malignant melanomas of the conjunctiva, 417
Treatment of hepatic metastases in ocular melanoma, 417

Meningioma
Papillary meningioma involving the oculomotor nerve in an infant, 418

Metipranolol
Different beta-blockers and their short-time effect on break-up time, 134

Monocularity
Binocular and monocular visual function in World Class tennis players, 676

Multiple sclerosis
Disseminated lesions at presentation in patients with optic neuritis, 132
Tear analysis in multiple sclerosis, 133

N

Niemann-Pick disease
Ocular involvement in Niemann-Pick disease type B, 419

Nystagmus
See-saw nystagmus associated with Chiari malformation, 130

O

Oculocardiac reflex
Ventilation and the oculocardiac reflex, 810

Oculocutaneous albinism
Segregation analysis of Brown oculocutaneous albinism, 813

Oculomotor nerve
Papillary meningioma involving the oculomotor nerve in an infant, 418

Ophthalmia neonatorum
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated mono-

clonal antibody, 291
Ophthalmoplegia
Reye syndrome: late spontaneous resolution of exotropia secondary to oculomotor ophthalmoplegia, 676
Optic nerve
Benign intracranial hypertension. Visual loss and optic nerve sheath fenestration, 291
Effect of digital massage on intraocular pressure and ocular and optic nerve blood flow, 130
Optic-nerve degeneration in Alzheimer's disease, 679
Optic neuropathy in sarcoidosis, 814
Optic neuritis
Carotid-ophthalmic artery aneurysm masquerading as optic neuritis, 418
Disseminated lesions at presentation in patients with optic neuritis, 132
Optic neuritis and myelopathy in systemic lupus erythematosus, 553
Silent brain lesions in patients with isolated idiopathic optic neuritis, 415
Optic neuropathy
Anterior ischaemic optic neuropathy secondary to cluster headache, 288
Lyme disease associated with optic neuropathy, 810
Optic neuropathy in sarcoidosis, 814
Unilateral ischaemic optic neuropathy following systemic hypotension, 292
Visual and auditory neurotoxicity in patients receiving subcutaneous deferoxamine infusions, 133
Orbit
Late effects of therapy in orbital rhabdomyosarcoma in children, 416
Orbital apex syndrome caused by rheumatoid nodules, 418

P

Perimetry
What is the most suitable grid for computer perimetry in glaucoma patients?, 134
Photocoagulation
Krypton red laser photocoagulation of peripapillary subretinal neovascular membranes, 131
Photoreceptor cell
Transduction in vertebrate photoreceptors: the roles of cyclic GMP and calcium, 558
Pigment epithelium
Basic aspects and practical considerations in retinal detachment surgery, 812
Gravity-dependent distribution of retinal pigment epithelial cells dispersed into the vitreous cavity, 679
Retinal pigment epithelium function in alopecia areata, 417
Visual and auditory neurotoxicity in patients receiving subcutaneous deferoxamine infusions, 133
Prader-Willi syndrome
Abnormalities of the central visual pathways in Prader-Willi syndrome associated with hypopigmentation, 420
Pseudotumor cerebri
Permanent visual impairment in childhood pseudotumor cerebri, 811
Psoralen
8-Methoxypsoralen levels in blood in vitiligo patients and in skin, ophthalmic fluids, and ocular tissues of the guinea pig, 814

R

Retina
Acute retinal necrosis, 680
Antibodies to herpes simplex virus type I in intraocular fluids of patients with acute retinal necrosis, 288
Contrast sensitivity versus visual acuity in retinal disease, 813
Differentiation of human retinoblastoma in vitro into cell types with characteristics observed in embryonal or mature retina, 810
Gravity-dependent distribution of retinal pigment epithelial cells dispersed into the vitreous cavity, 679
Krypton red laser photocoagulation of peripapillary subretinal neovascular membranes, 131
8-Methoxypsoralen levels in blood in vitiligo patients and in skin, ophthalmic fluids, and ocular tissues of the guinea pig, 814
Retinal hemorrhage after cardiopulmonary resuscitation or child abuse, 419
Retinal macroaneurysm. Natural history and guidelines for treatment, 131
Retinal pigment epithelium function in alopecia areata, 417
Retinal detachment
Basic aspects and practical considerations in retinal detachment surgery, 812
Retinal injury and detachment in boxers, 291
Retinitis pigmentosa
Cu, Zn and SOD determination in patients with retinitis pigmentosa, 558
Retinoblastoma
Differentiation of human retinoblastoma in vitro into cell types with characteristics observed in embryonal or mature retina, 810
Expression of the photoreceptor-specific S-antigen in human retinoblastoma, 289
Prediction of familial predisposition to retinoblastoma, 292
Retinopathy
Alteration of the blood-retinal barrier and vitreous in sickle cell retinopathy, 555
Blood-retinal barrier permeability to fluorescein in normal subjects and in juvenile diabetics without retinopathy, 553
Clofazimine-induced bull's-eye retinopathy, 557
Is proliferative diabetic retinopathy an indication for pancreatic transplantation?, 815
Krypton red laser photocoagulation in selected cases of central serous choroiretinopathy, 679
Oral vitamin E supplements can prevent the retinopathy of abetalipoproteinaemia, 676
Prevalence and development of retinopathy in children and adolescents with type 1 (insulin-dependent) diabetes mellitus. A longitudinal

study, 290
Relationship between retinopathy and glycaemic control in insulin-dependent and noninsulin-dependent diabetes, 419
Retinopathy in mice with experimental scrapie, 557
Retinopathy in older type II diabetics. Association with glucose control, 813
Risk factors for the development of retinopathy in children and adolescents with type 1 (insulin-dependent) diabetes mellitus, 290
Retinopathy of prematurity
Pilot study on cryotherapy and active retinopathy of prematurity, 290
Retinopathy of prematurity: age at onset, 811
Rheumatoid arthritis
Relationship between ocular and articular disease activity in children with juvenile rheumatoid arthritis and associated uveitis, 812
Rhinitis
Evaluation of the cause of nasal and ocular symptoms associated with lawn mowing, 555

S

Sarcoidosis
Ophthalmology consultation in the diagnosis and treatment of sarcoidosis, 130
Optic neuropathy in sarcoidosis, 814
Sarcoma
Late effects of therapy in orbital rhabdomyosarcoma in children, 416
Scotoma
Reading with a macular scotoma, 677
Scrapie
Retinopathy in mice with experimental scrapie, 557
Sensorimotor functions
Effect of aging on sensorimotor functions of eye and hand movements, 554
Sickle cell trait
Alteration of the blood-retinal barrier and vitreous in sickle cell retinopathy, 555
Silicone oil
Basic aspects and practical considerations in retinal detachment surgery, 812
Sinus
Carotid-cavernous fistulas. Embolization through the superior ophthalmic vein approach, 293
Sorbinil
Effect of sorbinil on blood-retinal barrier in early diabetic retinopathy, 554
Effects of the aldose reductase inhibitor sorbinil on the isolated cultured rat lens, 556
Suramin
Toxic keratopathy associated with suramin therapy, 292

T

Tear
Retinal injury and detachment in boxers, 291
Tears
Different beta-blockers and their short-time effect on break-up time, 134
Tear analysis in multiple sclerosis, 133
Timolol
Different beta-blockers and their short-time effect on break-up time, 134
Timolol ophthalmic solution and respiratory arrest, 676
Trabeculotomy
In-vitro morphological study of Q-switched neodymium/YAG laser trabeculotomy, 289
Trachoma
Detection of *Chlamydia trachomatis* by direct immunofluorescence in conjunctival smears from patients with trachoma and patients with ophthalmia neonatorum using a conjugated monoclonal antibody, 291
Tumor
Method for assessing potential bias among cancer patients recorded as "dead of other causes", 416

U

Uvea
Uveal effusion in Hunter's syndrome, 557
Uveitis
Relationship between ocular and articular disease activity in children with juvenile rheumatoid arthritis and associated uveitis, 812

V

Visual acuity
Binocular and monocular visual function in World Class tennis players, 676
Contrast sensitivity versus visual acuity in retinal disease, 813
Development of visual acuity in normal fullterm and preterm infants, 815
Visual field
Interocular differences of the visual field in normal subjects, 417
What is the most suitable grid for computer perimetry in glaucoma patients?, 134
Visual loss
Benign intracranial hypertension. Visual loss and optic nerve sheath fenestration, 291
Permanent visual impairment in childhood pseudotumor cerebri, 811
Visual and auditory neurotoxicity in patients receiving subcutaneous deferoxamine infusions, 133
Visual pathway
Abnormalities of the central visual pathways in Prader-Willi syndrome associated with hypopigmentation, 420
Functions of the on and off channels of the visual system, 814
Visual pigment
Visual pigment homologies revealed by DNA hybridization, 680
Vitamin
Oral vitamin E supplements can prevent the retinopathy of abetalipoproteinaemia, 676
Vitiligo
8-Methoxypsoralen levels in blood in vitiligo patients and in skin, ophthalmic fluids, and ocular tissues of the guinea pig, 814
Vitreoretinopathy
One-step extracapsular cataract extraction and silicone oil-injection in the management of proliferative vitreoretinopathy, 553

Vitreous
Alteration of the blood-retinal barrier and vitreous in sickle cell retinopathy, 555
Basic aspects and practical considerations in retinal detachment surgery, 812
Gravity-dependent distribution of retinal pigment epithelial cells dispersed into the vitreous cavity, 679

W

Wilson's disease
Kayser-Fleischer ring during long-term treatment in Wilson's disease (hepatolenticular degeneration), 132
